Description

2 door Bottle Cooler

The two-door BC2 Bottle Cooler will enhance backbar design with its good looks and bright display. Designed to hold up to 182 (330ml) bottles, the full-size glass doors catch the customer's eye and help stimulate sales of premium drinks.

The refrigeration system maintains temperature (adjustable between 4°C and 10°C) to ensure drinks are always cool when served. The BC2 can be free standing, located under a backbar worktop or on shelving to give the impression of double stacking.

- Inside, the adjustable shelving means the cabinet can be adapted to accept non-standard bottles or cans.
- Choice of exterior finishes - black PVC coated galvanised steel or stainless steel.
- Hard wearing exterior with hygienic, easy to clean mirrored stainless steel interior.
- Double glazed doors and bright, low energy consumption lighting for excellent display and presentation.

- Fully adjustable nylon coated wire shelves to suit stacking requirements and accommodate vertical stacking.
- Barrel locked doors for added security.
